01. About our company

Where it all begins

Welcome to the sweet bees' kingdom. A small and scenic country in Europe - Moldova. Covered by forests and hidden from billions of eyes, just fertile soil and mild climate, protected by the Black Sea and the Carpathian Mountains.

Beekeeping is more of a tradition than a profession in Moldova. It is about health, love of nature and a way of life. We are blessed to have the perfect natural resources: not excessively high, not excessively low temperatures, perfect for taking care of bees and honey.

The honey of Regina Naturii is special due to the taste of forests and rare plants, included in the Red Book of Moldova. The taste of home honey, childhood, and Moldovan traditions is kept, with sanctity, in every drop of the honey.

01. About our company

Quality honey

Honey is a natural delicacy, gifted to us by nature itself. We carefully collect honey to preserve all the nutritional qualities of the product in the best way. Each collection has its unique qualities: a grade of honey nectar collected from a certain honey region, packaging design that fully reflects the concept of the product line, natural fruits and berry additives.

The product portfolio of Regina Naturii LLC covers 10 types of natural honey and over 130 SKU. We pack up the honey in glass jars of various volumes, dispensers, portioned casseroles of 20g and sachets of 12g – very practical for daily use.

We guarantee the quality of our products using the safest and most modern processing, bottling and labeling equipment, with a large production capacity. Even the most sophisticated connoisseur can choose his/her favorite honey type.

Our production

We collect and pack it most safely, keeping all the benefits of the honey. Our production is equipped with modern high-performance equipment, which allows to provide any volume of products without interruption.

We pay special attention to quality control. The quality of our products is checked in laboratories from Republic of Moldova, Germany, Italy and Romania.

WAREHOUSE - 3 000m²

ANNUAL PROCESSING CAPACITY - 2 000 TONS OF HONEY

PACKAGING CAPACITY - 20 000 JARS PER DAY

100% GREEN ENERGY

01. About our company

From the apiary to the table

Our beehives are located in the ecological areas of Moldova

We provide bees with a peaceful and natural environment for growth

We carefully harvest the honeycombs without harming the bees

We test the quality of honey in our laboratory accredited by Germany, Romania, Italy and Moldova

We extract the honey at temperatures up to 35°C

Regina Naturii collaborates with beekeepers from all over the country, conducts control tests and delivers it directly to your table.

We filter the honey carefully to keep all the natural enzymes and antioxidants

We pack the honey in sustainable, light and comfortable to use packaging.

We store in maximum sanitary conditions over 100,000 units of finished products.

We deliver products safely to stores across the country.

Enjoy the quality honey produced in Moldova.

01. About our company

Our certification

Regina Naturii has implemented a food safety management system, which allows you to effectively manage the processes related to the quality and safety of the company's products.

We have ISO 9001-2015, ISO 22000, and FSSC 22000 quality certificates which allow us to guarantee quality control at the national and international levels.

01. About our company

Our awards

The London Honey Awards, which takes place annually in the British capital, nominated Regina Naturii LTD as the best honey producer in two sections: the Quality Award and the Packaging Award.

We participate in competitions between honey producers annually and we have already won several medals, including gold medal. Always open to collaborations, we appreciate the respect of our export partners, because natural honey deserves to be known, tasted, and enjoyed by the whole world.

REGINA NATURII – the only local honey brand awarded the "Superior Taste Award".

☞ The International Taste Institute, is the world leader in the evaluation and certification of consumer food & beverages by professionals.

According to the independent tasting analysis, performed by the most prestigious chefs, international experts and sommelier from 100 countries – Acacia Honey by Regina Naturii has obtained the prestigious star “**Superior Taste Award**”. The international recognition of our product presents a new and very important step for us.

01. About our company

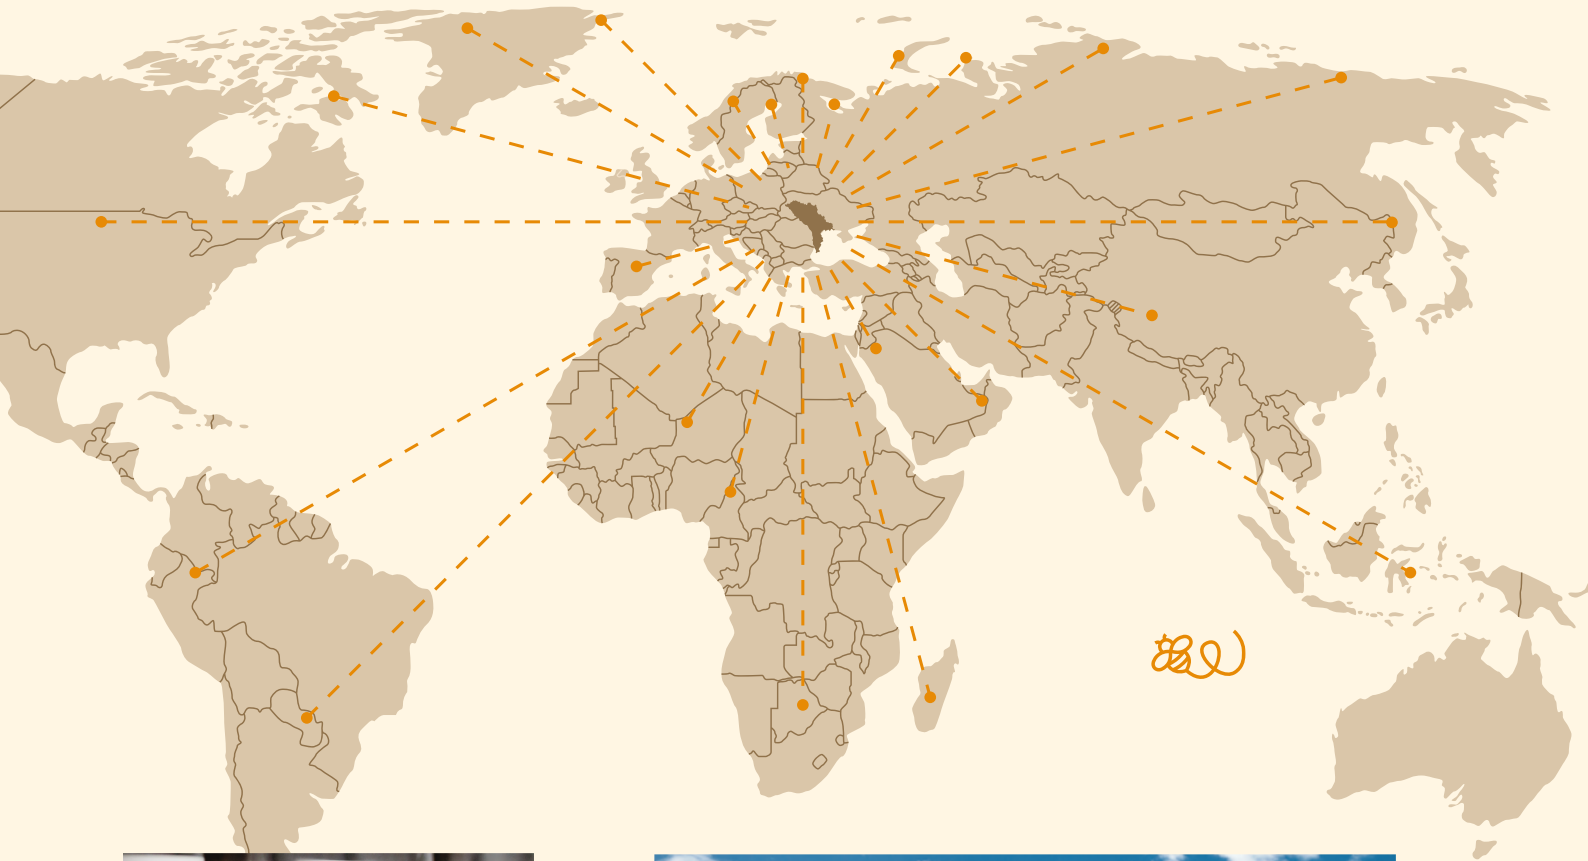

We export worldwide

We enjoy the appreciation of our partners from Romania, the United Kingdom, Germany, USA, Italy, Poland, the Netherlands, Malaysia, etc. 90% of REGINA NATURII production goes abroad and it is accompanied by a portfolio with certificates, documentation and complex assistance provided by our company.

We propose at choice a wide range of pots, jars and sachets of 125g, 250g, 380g, 400g, 550g, 720 g for retail, and proportioned honey in 28g jars, 20g cups of dip-pot, 12g sticks for HoReCa. Food recipients of 4,8 kg, 27 kg and 44 kg, as well as the honey barrels of 300 kg represent a easier form of transportation or our customers all over the world.

Raw Honey «MELONYA»

This is not a simple jar of honey, this is our treasure, a piece of our soul and tradition, the product we are proud of the most. We value quality and tradition, not just commercial gains. We keep all the sweetness and flavors of nature in our MELONYA honey, and apply only those procedures which are necessary to ensure the product quality for human lives. We want to keep all the natural properties of the honey - one of the cleanest and richest handmade products.

Cream Honey «YUM-ME»

Cream honey, like honey, is a piece of nature, a fragrant delight that warms in winter and invigorates in summer. This is a product charged with the energy of life. The delicate texture of cream honey and its original palette of flavors will appeal to everyone. Honey acquires a creamy texture thanks to modern technology of continuous mixing with the gradual addition of crushed berries, citrus fruits and dried fruits.
